

## SAVE THE DATE ANNOUNCEMENT

### PHYSIOLOGY IN FOCUS 2023

September 14-16, 2023

We are delighted to welcome you to **Physiology in Focus 2023**, which will be held in Tallinn, Estonia, **September 14-16, 2023**. Physiology in Focus 2023 is the first joint physiology meeting of the Scandinavian Physiological Society (SPS), the Federation of European Physiological Societies (FEPS), and the Baltic Physiological Societies.

Physiology in Focus 2023 builds on tested collaboration between SPS and FEPS in the highly successful series of EuroPhysiology meetings. Physiology in Focus 2023 presents an exciting programme featuring exceptional plenaries, keynote lectures and cutting-edge symposia. To ensure a strong fingerprint from you, the active physiologists, the programme is founded by the enthusiasm of Special Interest Groups and Young Physiologists engaging in topic-specific pre-meetings and the legendary FEPS-sponsored young investigator symposium.

See the key dates and preliminary program [here](#).

We are delighted to welcome you to the historic centre of Tallinn Old Town, which provides the perfect setting for putting physiology in focus. The meeting will take place at the Original Sokos Hotel Viru Conference Centre.

Sign up for a newsletter [here](#) to stay up to date with important news!

Sincerely,

Helle Prætorius Øhrwald, *the Scandinavian Physiological Society*

Susan Wray, *the Federation of European Physiological Societies*

Eero Vasar, *the Estonian Physiological Society*

Līga Ozolina-Moll, *the Latvian Physiological Society*

Edgaras Stankevicius, *the Lithuanian Physiological Society*

Marko Vendelin, *on behalf of the local organizing committee*
